

My New Words — Tracing

name · age · family · like · dislike · school

ID my-words-01

Subject English

Grade One

Class 24

Time 35 min

Type Vocabulary (Tracing)

Objectives

2 min

- Students will trace and understand the meaning of six new words: name, age, family, like, dislike, and school. **Understand**

Introduction

5 min

Good morning, class! Show me with your fingers — how old are you?

Ask: How old are you? Show me on your fingers, and let a few friends answer too!

Today: Today we will learn new words to talk about ourselves and our lives.

See it in real life

Family

School

Cake

Pencil

Mother

Father

Explanation & Teaching

13 min

name

what people call you — “My name is Mr. Ahmed.”

age

how many years old you are

family

the people you live with

like

something that makes you happy — “I like mangoes.”

dislike

something you do not enjoy

school

the place where you go to learn — “We are sitting in a school.”

Model

Write the six words on the board in big letters and explain each with a real-life example: “My name is Mr. Ahmed.” · “I like mangoes.” · “We are sitting in a school.”

Show tracing

Show how to hold a pencil, then trace over the letters of a word slowly on the board.

Check for understanding

Can someone tell me one thing they like?

Any real answer, e.g. “I like mangoes.”

Who lives in your family?

Any real answer, e.g. mother, father, brother, sister.

Guided Practice

12 min

Open your books to page 2, Activity 1: Trace the Words! Use a coloured pencil to trace over each new word, and try to stay within the lines while you trace the letters.

Teacher note

Circulate as students trace and check pencil grip.

name

age

family

like

dislike

school

For struggling students

Hold the hand of students who are facing difficulty to guide them in tracing the first word.

Assessment & Wrap-up

3 min

True or False? Thumbs up for True, thumbs down for False.

“Dislike” means something that makes you very happy.

“School” is the place where you go to learn.
